

MET WALL DESIGN CHECKLIST GUIDE

1. Fill the “Met Wall Design Checklist”, attached as Appendix A, with the information related to the project.
 - a. See the Appendix C, “Met Wall Product Catalogue”, for reference on the most-used products.
2. Attach the marked drawing.
 - a. See the Appendix B, “Drawing Example”, as reference.
3. If possible, attach the AutoCAD file, if not the PDF file must include measurements.
4. Send information to design@metrikaoffice.com

Notes:

- Quote delivery time is 1-3 days, depending on the size and resources (AutoCAD file) available to quote, once we receive the complete information.

Appendix A

MET WALL DESIGN CHECKLIST

Please fill in the requested information, and mark the products required on the section below.

Date	Require Quote By	Expected PO Date
Rep		
Dealer		
Project		
City	State	
Height	Is it cornice height?

Glass Walls

Vertical Framed Glass Wall:	ST-001	ST-003	ST-005
	ST-002	ST-004	
Tile Framed Glass Wall:	ST-010	ST-012	
	ST-011	ST-013	
Butt Glazed Glass Wall:	Single Glass ST-100	Double Glass ST-200	Recessed Glass ST-201

Solid Walls

Vertical Solid Wall:	ST-300	ST-305
Tile Solid Wall ST-310		
Are there structural walls that need covering?	Yes	No
Vertical Solid Cladding:	ST-320	ST-325
Tile Solid Cladding ST-330		

Solid Swing Doors

Thickness:	2"	4"
Type:	Single Door	Double Door
Door ST-400/430	Door with solid transom ST-402/432	Door with glass transom ST-404/434

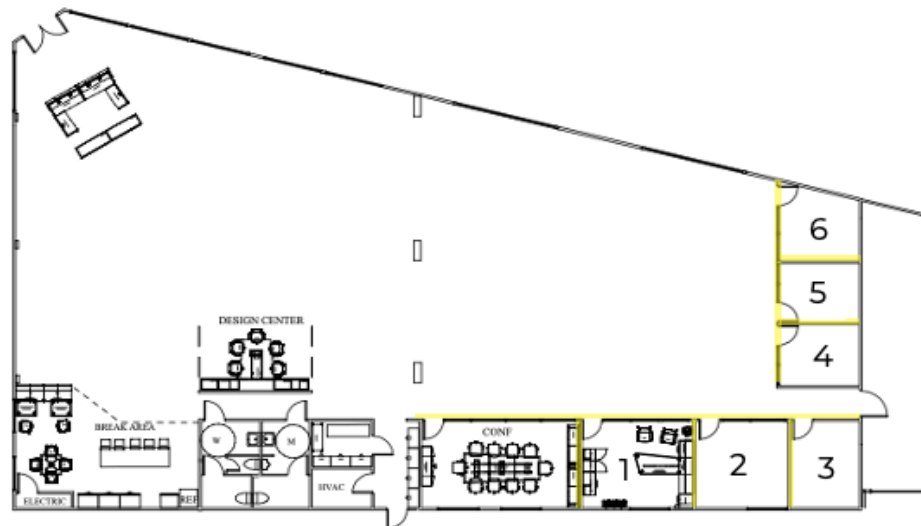

Glass Swing Doors

Thickness: (applies to framed doors)	2"	4"
Type:	Single Door	Double Door
Frameless Door ST-410	Frameless Door with solid transom ST-412	Frameless Door with glass transom ST-414
Framed Door ST-420/440	Framed Door with solid transom ST-422/442	Framed Door with glass transom ST-424/444

Sliding Doors

Type:	Single Door	Double Door
Pocket Solid Sliding Doors ST-500	Pocket Glass Sliding Doors ST-510	
Glass Sliding Doors with Continuous Butt Glazed Glass Wall ST-521	Pocket Glass Sliding Doors into Double Butt Glazed Glass Wall ST-522
